

## SEAN THACKREY PLEIADES LOT XXV

This experimental nonvintage blend was first released in 1992. Made from a host of different grape varieties (white and red, such as Viognier, Syrah, Barbera, Zinfandel, Carignan, Pinot noir, Mourvèdre and Grenache), potentially from different regions and different vintages. The recipe changes every year, depending on the decisions of Thackrey and the fruit sourced. Thackrey has said, "It's like a chef's special. You trust the chef so you're prepared to order the dish of the day".
